Welcome to the 2002 King County Fair Premium Book for Open Class Exhibits and Grange!

The King County Fair in Enumclaw is one of the oldest continuously operated special events in the United States. We have been celebrating agriculture and livestock in King County since 1863-a full 26 years before Washington became a state. The annual participation of Open Class members is something that we truly value. The exhibit areas continue to remain among the most popular attractions at the Fair.

Please read through the new Premium Book and then plan to take part in the 140th annual King County Fair in Enumclaw. Fair dates this year are Wednesday July 17 through Sunday, July 21, and we have lots of exciting activities planned that you won't want to miss.

We'll see you at the Fair!

KING COUNTY FAIR

Open Class Livestock

Rules

Duration of Stay

- All exhibits must remain on display during the *Open Class* part of the Fair which ends on July 21st.
- Exhibits must be ready for public viewing at 10:00 am each day.
- Exhibitors will not be allowed to bring equipment or animals into the barn before the day and time they are required to enter.

Entry of Exhibits

- Entry of exhibits is allowed during the dates and times specified in the department sections of the premium book.
- All exhibits must be entered for competition in the name of the owner.
- Anyone attempting to deceive the judge in regard to ownership, or who shall purchase articles or borrow them to exhibit in his or her name, shall forfeit all claims as an exhibitor.
- Fair management reserves the right to accept late entries if it is found such action would not cause unfairness to other exhibitors.
- **All entries are accepted on a space available basis. If space is full, your entry will be returned.**

Removal of Exhibits

Fair management reserves the right to remove from display area any exhibit or animal that is falsely entered, or may be deemed unsuitable or objectionable *without assigning a reason therefore*. Any exhibit creating a danger to other exhibits or the public will be immediately released.

Erroneous Entry

Exhibits that have been erroneously entered may be transferred to the proper division/class/lot prior to judging. Classes will not be reopened after judging. No animal shall be changed from one class to another after closing dates unless it is ineligible for the class in which it is entered. All determinations are at the department Superintendent's discretion and approval.

Determination of Prize Winners

- Where there is no competition and/or where there are fewer animals or articles in a class than the number of premiums offered, the judge and Superintendent, as appropriate, may combine entries and award a prize or prizes of such rank as the animal or article deserves.
- Awards will be ranked according to the merits of the exhibit in the opinion of the judge. The judge may disqualify or award premiums at his/her discretion. Special awards will be made only after the judge has concurred with department superintendent that such award should be made.
- Where there is one exhibit in a class, the award shall be made on merit alone and a premium, or no premium, may be awarded. An animal or article without merit shall not be awarded a premium; and premiums shall not be awarded solely because there is no competition.

- The American system of judging and award is used in the Open Class Division.
- Prize winners shall be determined by reference to the judge/clerking sheets. The department Superintendent's and judge's signature certify the placing to be correct and final.

Department Superintendent

- All Open Class division Superintendents are hired and contracted by the Fair. Each department Superintendent, under the direction of Fair management and staff, shall have charge of the department to which he/she may be assigned. Exhibitors will follow the order and direction of the Superintendent. If the order of the Superintendent differs from the rules and regulations in the premium book, Superintendent will provide exhibitor with verification of Fair management approval for deviation from rules.
- Superintendent has the authority to recommend, to Fair management, reduced or withdrawal of premiums when rule violations and/or disciplinary problems exist.
- Superintendent has the right to request certificates of registration and transfer, and examine same before the prizes and premiums are awarded, and to notify the judge that the exhibitor has complied with these requirements.

Department Clerk

- Clerks are prohibited from allowing anyone, except the department Superintendent, to examine the department records while judging is in progress.
- Clerk or judge will announce the placing and required reasons for placing of the entry after adjudication of each class.

Judges

- The judges in all departments will be approved by the Fair. No one will be allowed to act as a judge in the class or ring in which he/she exhibits or where a conflict of interest may be present.
- Judges are selected with the utmost care. The decision of the judges will be final in all cases, except where mistake, fraud, misrepresentation or collusion, not discovered at the time of the award, is proven. In such cases, the Fair reserves the final decision.
- Fair reserves the right to substitute judges as needed.

Protests and Appeals

- All protests and appeals must be made in writing and accompanied by a deposit of \$50.00 (cash only), which deposit will be forfeited if protest/appeal is not sustained. Said document must state plainly the cause of complaint or appeal, and must be filed with Fair manager within 24 hours after cause of protest/appeal.
- Submit the written complaint to the Fair office.
- Appeals from the decision of a judge or department Superintendent must be made in writing, and must contain at least one specific charge stating, at length, the facts relied upon or the rule violated, and naming witnesses and their addresses by whom proof is to be made.
- When a protest is to be made against the competition of an animal or article in any class, notice of same shall be filed with the department Superintendent before the class is passed upon, so the judge may be instructed to place a reserve award in order that premiums may be properly distributed in the event of the protest being sustained.
- No complaint or appeal based upon the statement that the judge or judges are incompetent or have overlooked an animal or article will be considered by the Fair.
- All questions of dispute or differences not provided for under the rules and regulations shall be referred to the Fair whose decision shall be final.

- In addition to the right of protest therein guaranteed to exhibitors, the Fair reserves the right to take cognizance of fraud consummated or attempted in connection with an exhibit and take such action as may be deemed just and proper.
- A final decision regarding protest will be rendered by the Fair within 48 hours of receipt.

Exhibitor Tickets

- Livestock exhibitors should contact department Superintendent for admission policy.
- Any abuse, sale, or fraud of admission tickets for purposes other than their specific intent shall cause for withholding of exhibitor's premiums and awards.

Health Requirements

Entry and Admission of Livestock and Animals

All animals will be inspected prior to being stalled.

- Entries are accepted after submittal of form and a health examination of the animal. A separate entry form is required for each department.
- Livestock may be unloaded at the fairgrounds during the times listed in the department schedule. Livestock arriving outside those times listed will not be permitted to unload and will be charged a service call fee for the veterinarian to health check the animal prior to admission.
- No animal from a quarantined area or premise will be permitted to enter the Fair.
- Refer to the individual departments for vaccination requirements.
- The Fair veterinarian's professional decision as to the health status of an animal is final and will be upheld by the Fair.
- Please remember that E. coli 0157H7 infection can be transmitted by contact with animals. Youngsters, seniors and immune impaired persons are particularly susceptible. Handwashing facilities are available and should be used.
- In addition, the King County Fair exercises the right to specify additional requirements in the interest of control of infectious and/or contagious disease or in the interest of improving the aesthetic quality of each animal exhibit.
- Emergency orders which change any requirements and shall take precedence over those printed herein.

Health Inspection - Veterinarian

All livestock/animal exhibits presented for entry to the facilities, are required to pass a health examination. Examination will be made to determine that there are no clinical indications of contagious, infectious diseases and ectoparasites.

Intrastate - Health Requirements

Washington State livestock require no vaccinations or tests for entering and individual health certificates are not required on Washington State animals - except as indicated below.

Bovine Specific Health Requirements

- It is recommended that all heifers eligible for Brucellosis (Bangs) vaccination be vaccinated prior to Fair.
- Non-vaccinates may be exhibited provided they are tested negative for Brucellosis over four months of age.
- All eligible animals five (5) months or older must have been vaccinated against Brucellosis.

PLAN AHEAD - It requires up to ten (10) days to receive blood test results from the laboratory for animals requiring a brucellosis test.

- Any animal whose owner can not produce evidence of vaccination, in the form of a tattoo, must have a negative official Brucellosis test done through a State or Federal laboratory within 90 days prior to the opening of Fair.
- A respiratory complex vaccine is strongly recommended four (4) weeks prior to Fair.

Interstate - Health Requirements

- Out-of-state animal entries must comply with State of Washington import regulations.
- Entry permits are required for all out of state cattle. A blanket permit to each fair will be issued upon request by calling 360-902-1878. Permits for special livestock sales may be obtained by calling the Livestock Identification Program at 360-902-1855.
- All out of state animals going to the fairs must have a health certificate.
- Please remember that E.coli 0157H7 infection can be transmitted by contact with animals. Youngsters, seniors and immune impaired persons are particularly susceptible. Hand washing facilities should be available wherever human-animal or animal waste contact is possible and signage directing the public to those facilities is appropriate.

OUT-OF-STATE CATTLE: Beef cattle may go to fairs without a test for brucellosis from the free states of Arizona, B.C., California, Colorado, Idaho, Montana, Nevada, New Mexico, North Dakota, Oregon, Utah and Wyoming. Dairy females 20 months of age and vaccinated and bulls 6 months of age from these states will need to be tested for brucellosis if there is a chance they will be sold. No test required if for show only and return. Cattle coming from all other free and A states need to be tested, whether beef or dairy, using the ages of 20 months for dairy and 24 months for beef females who are strain 19 vaccinates, six months for bulls and RB 51 vaccinates.

OUT-OF-STATE GOATS: Only goats being sold into goat dairies need to be tested negative for brucellosis within 30 days prior to entry of the Fair. If they are for show and return only, no test required. If any lactating goats are shown, their milk must be discarded during any stay in Washington unless goats are tested for brucellosis.

RABBITS: Rabbits will be inspected before caging. Rabbits will not be allowed to be caged if they have ear mites, infected hocks, vent diseases, colds, etc.

All bedding material must be placed in area designated by the department Superintendent prior to leaving Fairgrounds.
